# THOMAS SOBOR

## WEB DEVELOPER

https://tomology.github.io/

https://github.com/Tomology

Hard-working full stack web developer who is passionate about programming. Have worked with several front end and back end technologies. Looking for growth opportunities and to expand my technical skills in a team environment.

## TECHNICAL SKILLS

### FRONT END
HTML5, CSS3, JavaScript, React, Redux, SASS, Bootstrap

### BACK END
Python, Django, Node.js / Express.js, MongoDB, SQL

## CONTACT ME

thomas.sbrwb@gmail.com

+1 818 469 0890

## EDUCATION

### MACQUARIE UNIVERSITY
Bachelor of Commerce - Professional Accounting
2014 - 2017

## PROJECTS

### ABN Validator
*Python, Django, Bootstrap*     Live Site | Code

- Application that checks whether the Australian Business Numbers (ABNs) in a provided spreadsheet are valid.
- Created to automate an audit test in my prior role as an auditor.

### Cimex: Bug Tracker
*React, Redux, Node.js / Express.js, MongoDB, Sass*     Live Site | Code

- Full stack project management application that allows users to manage projects, track issues, and collaborate with others.
- Created to keep track of bugs in my development projects.

## WORK EXPERIENCE

### PKF Newcastle                                    Sep 2018 - Dec 2019
*Auditor | Audit & Assurance*

- Used IDEA Audit Software to perform data analytics.
- Tested financial documents for compliance with financial standards and regulations.
- Liaised with clients and audit team throughout the entire audit cycle.
- Documented audit tests and findings.
- Performed internal audits to identify policy compliance issues as well as weaknesses and inefficiencies in client's internal policies.

### Sanitarium Health & Wellbeing                    Jan 2016 - Dec 2016
*Accounting Intern*

- Used SAP ERP Software
- Completed weekly wage reports
- Did freight invoicing and cost allocations
- Handled and recorded petty cash
- Completed month end logistics reconciliations and reporting.

### Tech Centa Pty Ltd                               MAY 2015 - Feb 2017
*Retail Sales Assistant*

- Delivered information and advice on the company's products to customers and helped them identify the products that best suited their needs.

## OTHER EXPERIENCES

### Volunteer Work                                   FEB 2017 - JUL 2018

- Took time off to travel through Europe, North Africa and the United States after completing university degree.
- Undertook volunteer work through 'WorkAway' - a platform that facilitates cultural exchange.
- Work ranged from working on an olive farm in Morocco to creating a picture dictionary in Greece.
- Learned to work in challenging environments under unfamiliar situations, to overcome cultural barriers with unfamiliar groups of people, and how to adapt to unexpected situations and improvise when plans change.
